

#### Metal Twist Drill Bits

IRWIN offers a complete line of Metal Twist Drill Bits, including Black Oxide, Turbo Point™, Titanium Nitride, and Cobalt Drill Bits.

#### Carbide Hole Cutters

135 degree split point ensures a true start and eliminates bit walking. No center-punching is required, and the 3/16" pilot drill is double-ended for long life

#### Woodboring Drill Bits

For fast, rough or clean and exact holes, IRWIN's extensive line of woodboring drill bits provide the user with the best available tools for each application in achieving their wood drilling needs.

#### Hammer Drill Bits

Patented flute designs and tip geometries increase hammer drilling speeds to achieve more work in less time. Manufactured to ANSI standards.

#### Unibit Step Drills

IRWIN's Unibit SpeedPoint combines the most desired features of a Step Drill, speed and control, and as many as 13 different sizes onto one single-fluted step drill bit

#### Drill Accessories

IRWIN Drill Accessories include professional Countersinks and Steel Drill Gauges

#### Taps

Plug, Taper and Bottom Taps

#### Dies

Hexagon and Round Dies

### Threading Tools
