

CORROSION

A specially designed climbing solution for corrosion-prone environments

Some work environments are too corrosive for regular ladders, especially the traditional aluminium and timber styles.

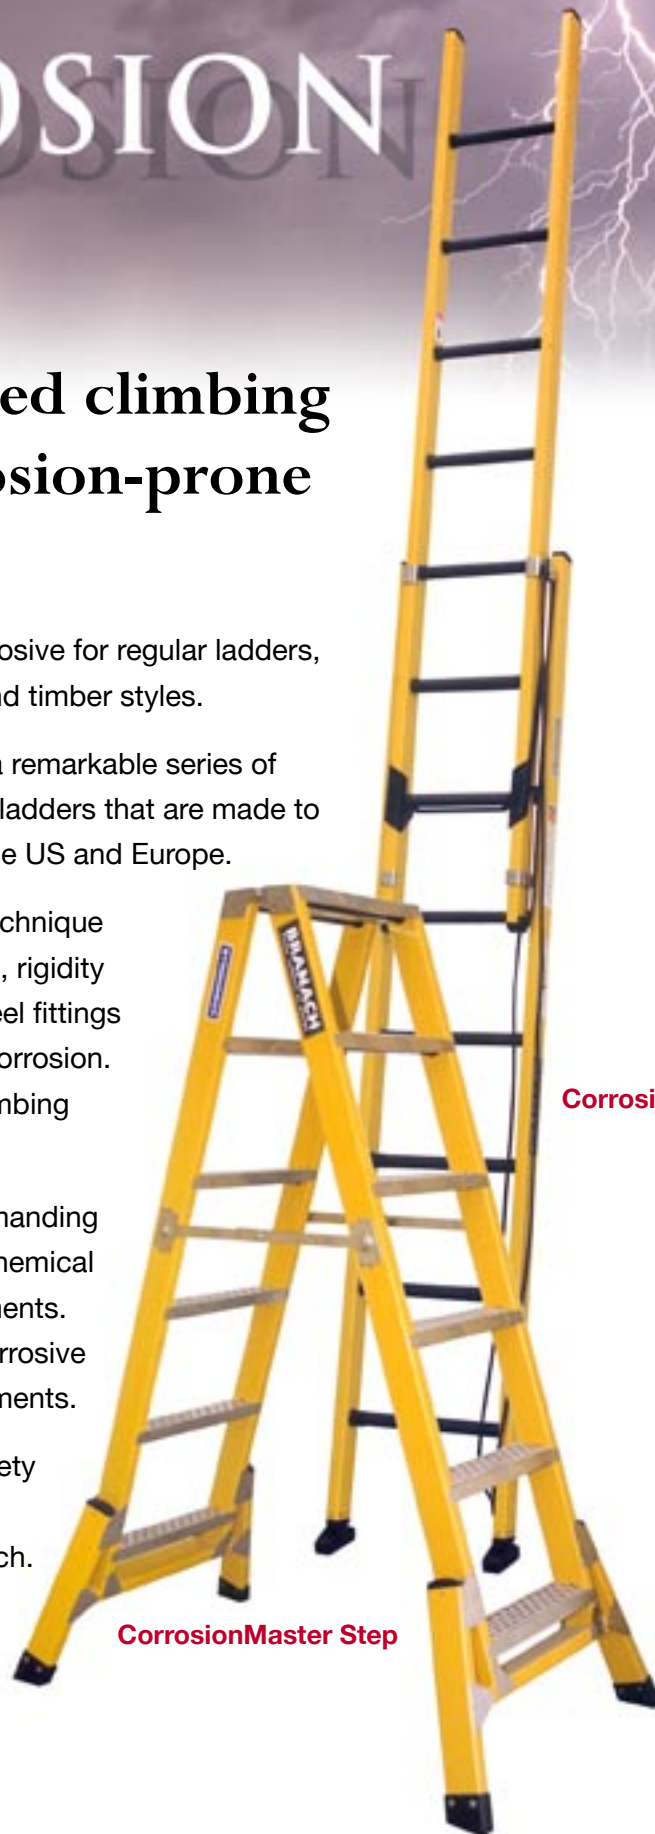

Branach Technology has engineered a remarkable series of Step, Extension and Single fibreglass ladders that are made to the toughest standards in Australia, the US and Europe.

The unique Strongbox construction technique provides amazing lightweight strength, rigidity and electrical resistance. Stainless steel fittings give excellent resistance to extreme corrosion. They are an extremely economical climbing solution.

These ladders survive in the most demanding conditions found on mining sites, in chemical plants and harsh processing environments. Fixed ladders are also available for corrosive and potable and waste water environments.

When you demand greater worker safety and a longer life in the most difficult conditions, it's best to demand Branach.

Don't compromise on quality.

CorrosionMaster Step

BRANACH

WORLD'S BEST SAFETY LADDERS

No timber to rot.
 No aluminium to corrode.
 No mild steel to rust.

Single Ladders

MODEL	HEIGHT	LOAD RATING	WEIGHT
FSF 8	2.4m	130Kg	6.6Kg
FSF 10	3.0m	130Kg	8.1Kg
FSF 12	3.6m	130Kg	9.6Kg
FSF 14	4.2m	130Kg	12.8Kg
FSF 16	4.8m	130Kg	14.6Kg

Extension Ladders

MODEL	CLOSED LENGTH	EXTENDED LENGTH	LOAD RATING	LADDER WEIGHT
FEF 13/16	2.7m	3.9m	130Kg	15.2Kg
FEF 17/20	3.3m	5.2m	130Kg	18.3Kg
FEF 21/24	3.9m	6.4m	130Kg	21.4Kg
FEF 25/28	4.5m	7.6m	130Kg	27.7Kg
FEF 29/32	5.1m	8.8m	130Kg	31.2Kg

Step Ladders - Double Sided

MODEL	HEIGHT	LOAD RATING	WEIGHT
FDSF 4	1.2m	150Kg	13.6Kg
FDSF 6	1.8m	150Kg	18.2Kg
FDSF 8	2.3m	150Kg	23.3Kg
FDSF 10	2.9m	150Kg	28.5Kg
FDSF 12	3.5m	150Kg	33.6Kg

Meets and exceeds Australian Standards: AS/NZS 1892.3: 1996

Features

- Safety yellow fibreglass
- Weather resistant
- Low maintenance
- No splinters
- No water absorption
- Corrosion resistant
- Stainless steel fittings
- Optional spring loaded castors

Super Strong Box Rails: Maximum strength, minimum sway in a unique lightweight ladder

Non-slip Rungs: Specially treated, rungs for extra grip and comfort

Branach Latch: Simple system gives effortless extension and retraction

Swivel Feet: Swivel feet with urethane studs give ultimate grip on wet or dry

Step Ladder: Corrosion resistant stainless steel steps and fittings
