

WORLD'S BEST SAFETY INSURANCE

It takes a truly unique climbing product to protect your workers and your business.

The new Branach WorkMaster Step Platform gives an extra margin of safety.

Lightweight and easy to carry, this fibreglass, non-conductive step platform is ideal for use in the construction, maintenance, inspection, warehousing and building industries.

It is available in platform heights from 600mm to 3.6 metres with a fixed safety rail 900mm above the platform.

A fully enclosing safety rail and castors are optional.

Never compromise on safety quality.

Folds for easy carrying.
Non-slip aluminium platform and steps.
Non-scurf feet

AS/NZS 1892.3: 1996 Rated up to 150Kg
